---

## ASPIRING FULL WEB STACK DEVELOPER & QA ENGINEER

Aspiring full stack web developer leveraging experience in QA to build a more intuitive user experience. Applied aspects of QA and agile development on various teams where I worked with developers, product managers, and QA colleagues to deliver user-focused features.

---

## TECHNICAL SKILLS

**Languages:** SQL, HTML, CSS, JavaScript, JSON

**Database:** MySQL, MongoDB, Firebase

**Other:** Heroku, Git, JIRA, TFS, FogBugz, HP Quality Center, Bootstrap, Materialize, Node.js, Express, React

---

## PROJECTS

**Youtify** - [kylafitzpatrick.github.io/Youtify/](https://kylafitzpatrick.github.io/Youtify/) | [github.com/KylaFitzpatrick/Youtify](https://github.com/KylaFitzpatrick/Youtify) **2020**

*Web app that allows users to vote on their favorite song or video*

- Worked with a team of four in creating a web app that uses Spotify API and YouTube API to display songs and videos users can vote on
- Tools used: HTML, CSS, JavaScript, Firebase, Spotify API, Bootstrap, YouTube API

**Word Guess** - [kylafitzpatrick.github.io/Word-Guess/](https://kylafitzpatrick.github.io/Word-Guess/) | [github.com/KylaFitzpatrick/Word-Guess](https://github.com/KylaFitzpatrick/Word-Guess) **2020**

*Web app that generates a random animal word*

- Built a word guess app game that allows users to guess a randomly selected animal word and if the user guesses the animal correctly a YouTube video of the animal displays
- Tools used: HTML, CSS, JavaScript

**SF Scraper** - [sf-scraper.herokuapp.com](https://sf-scraper.herokuapp.com) | [github.com/KylaFitzpatrick/SF\\_Scraper](https://github.com/KylaFitzpatrick/SF_Scraper) **2020**

*Web app that scrapes the SF Chronicle for news articles*

- Designed an app that allows users to scrape articles from the SF Chronicle so they can save articles as well as attach notes to the saved articles
  - Tools: Node.js, Express, Mongoose, HTML, CSS, Materialize, JavaScript, Handlebars
- 

## EXPERIENCE

**CoStar Group** **Austin, TX**  
**Software Engineer in Test** **2019**

- Contributed to creating and maintaining UI automated test scripts in an Agile SDLC
- Utilized Visual Studio and Selenium to build automated tests suites
- Experienced in documenting and tracking bugs in TFS in collaboration with developers, product on an agile team

**ESO** **Austin, TX**  
**Junior Software Development Engineer in Test** **2018**

- Executed functional, and regression tests for fire department applications in an Agile SDLC
- Leveraged Postman for API testing as well as utilizing Sauce Labs for cross browser and device testing
- Experienced in documenting bugs in Jira in collaboration with developers and product

**CoStar Group**  
**Quality Assurance Engineer**

**Austin, TX**  
**2016-2018**

- Contributed to creating and maintaining UI automated test scripts in an Agile SDLC
- Learned basics of automation testing utilizing Visual Studio, Selenium, SpecFlow, Git Extensions, and C#
- Learned how to create SQL statements to validate data in a SQL database

**CoStar Group**  
**Associate Quality Assurance Engineer**

**San Francisco, CA**  
**2016**

- Utilized Test Manager to create and execute test cases according to business requirements in an Agile SDLC
- Collaborated with developers and designers to ensure bugs are documented and resolved in TFS
- Experienced in functional testing in Firefox, Internet Explorer, Chrome as well as on iOS and Android devices

**CITCO**  
**Junior Quality Assurance Analyst**

**Charlotte, NC**  
**2014-2015**

- Analyzed test scenarios and cases in HP quality center conforming to user requirement specification documents in addition to defect logging during functional testing in a timeline driven environment
- Liaise with developers to ensure testing accuracy for over four hedge fund applications
- Developed as well as executed ad hoc and regression tests in all stages of an Agile SDLC

---

**EDUCATION**

**Bootcamp in Full Stack Web Development**  
**University of Texas – Austin, TX**

A 6-month program focused on learning technical full stack development skills

**Bachelor of Science in Business Administration, International Business**  
**The University of North Carolina at Charlotte– Charlotte, NC**
